Tabular Guide to United States National Banks, 1863-1935 ★ Volume 4: Bank Lists ★ Acknowledgments

I would like to publicly acknowledge help that I received from the following people during the course of my research, leading up to this volume:

Rebecca Aftowicz, reference librarian at the research library at the Office of the Comptroller of the Currency, provided information on the OCC's collection of *Comptroller Bulletins*.

Leonard Augsburger arranged for some of the author's research to be hosted by Archive.org by way of the Newman Numismatic Portal, broadening awareness of this project within the numismatic community. This resulted in the participation of important contributors who have expanded the scope and improved the accuracy of the content.

Rose Buchanan, archives specialist at the National Archives in Washington, D.C. supplied information on a collection of *Comptroller Bulletins* and related materials in the papers of the Bureau of Indian Affairs.

Dr. Sergio Correia discovered more than 1,000 transcription errors in a 330,000+-row spreadsheet, compiled by the author for use in this and subsequent volumes, thereby making the work more accurate and useful. He also provided the author with scans of pages of documents that were missing in copies available for download from the major online information aggregation services, and shared links to other materials that advanced the work. He also shared some charts and graphs illustrating the value of this type of visual data presentation.

Kathy E. Cosgrove, senior reference librarian at the research library of the U.S. Federal Reserve Bank in St. Louis, provided the author with information on the serial publication *Individual Statements on Condition of National Banks*.

Mark Drengson made vast improvements to a 330,000+-row spreadsheet of bank officer and bank statistics data, and added a column giving the specific dates when banks filed their annual statements. He located a copy of the 1885 edition of the *Annual Report of the Comptroller of the Currency* containing bank statements and helped abstract data from that source. He compiled a list of bank presidents and cashiers from the 1863 volume of *Bankers Magazine and Statistical Register*.

James Ehrhardt made numerous corrections that remedied the misspellings of the names of Iowa bank officers that had been transcribed from the annual reports of the Comptroller of the Currency.

Wayne Homren published an announcement of the author's research in the *E-sylum*, broadening awareness of the work in the numismatic community.

Dr. Peter Huntoon provided information on types of documents in the National Archives that have direct relevance to national banks, introduced me to others that have made important contributions to the project, and broadened its impact within the sphere of the paper money community. He provided bank statistical data from the *Annual Reports of the Comptroller of the*

Currency for the years 1863 and 1864, which the author did not have access to, helped to compile bank statement data from the 1885 *Annual Report of the Comptroller of the Currency*. He made more than 1,000 corrections to a 330,000+-row spreadsheet containing bank officer listings and bank statistics data from year to year, and provided the author with much data he gleaned from records in the National Archives. Dr. Huntoon also wrote an article for the *Bank Note Reporter* publicizing this research.

Thomas Mcanear of the National Archives helped the author to locate a digital copy of the 1941 edition the OCC's *Alphabetical List of National Banks by States*, which has extensive information on consolidations, receiverships, and voluntary liquidations.

Dr. Smith Williams of the Center for Financial Research at the Federal Deposit Insurance Corporation provided a link to an FDIC database that has important historical information on national banks.

Scope and Plan

Intent:

The plan for this work is to arrange and present information in a format that features tables, lists, and charts to facilitate rapid and convenient retrieval of data. Narratives will be kept to a minimum.

Target audience:

Paper money collectors, local historians, and genealogists are most likely to see value in this title. There may be aspects of the work that will also be regarded as useful by some economic historians.

Scope:

This reference work will be divided into three sections:

1) General Introduction. This includes:

- Bibliography of government reports, bank trade publications, and directories consulted in preparation of the content
- Tabular listings of the largest banks from year to year in terms of total resources, and those with the largest circulation
- Statistics providing aggregate total resources and mean average total resources of national banks from year to year
- Annual statistics documenting the number of banks in operation, and tallies of numbers that went into voluntary liquidation, consolidation, or which were dissolved during the course of receivership.

This section appeared in its entirety in Volumes 1 through 3.

2) List of National Banks chartered from 1863 up till the end of 1935 (charter numbers 1 through 14348). All known title variations and changes in location--prior to 1936--will be included. This section is presented in Volume 4.

Tabular Guide to United States National Banks, 1863-
1935 ★ Volume 4: Bank Lists ★ List of National
Banks by Charter Number, 2001-3000

This section is a list of national banks with charter numbers from 2001 to 3000, inclusive. Listings are arranged in charter number sequence. Bank titles are abbreviated. The initial article "The" is omitted. When multiple titles occur for a single charter number, entries are arranged alphabetically.

All national banks organized in Dakota Territory are allotted to either North Dakota or South Dakota, following the practice of the OCC's 1941 edition of *Alphabetical List of National Banks by States*.

Also included below are columns citing source materials:

- Smithsonian Institution collection of certified proofs of U.S. currency. Citation column lists state abbreviations, box numbers, and page numbers.
- BL=Bank List=*Alphabetical List of National Banks by States*. OCC. 1941 edition. Citation column lists page numbers.

Abbreviations: B=Bank; F=First; FNB=First National Bank; N=National; NB=National Bank; NT=National Trust; T= Trust; TC=Trust Company; U.S. postal abbreviations are used for states and territories, except as noted: DK=Dakota Territory

Tabular Guide to United States National Banks, 1863-
1935 ★ Volume 4: Bank Lists ★ List of National
Banks by Charter Number, 3001-4000

This section is a list of national banks with charter numbers from 3001 to 4000, inclusive. Listings are arranged in charter number sequence. Bank titles are abbreviated. The initial article "The" is omitted. When multiple titles occur for a single charter number, entries are arranged alphabetically.

All national banks organized in Dakota Territory are allotted to either North Dakota or South Dakota, following the practice of the OCC's 1941 edition of *Alphabetical List of National Banks by States*.

Also included below are columns citing source materials:

- Smithsonian Institution collection of certified proofs of U.S. currency. Citation column lists state abbreviations, box numbers, and page numbers.
- BL=Bank List=*Alphabetical List of National Banks by States*. OCC. 1941 edition. Citation column lists page numbers.

Abbreviations: B=Bank; F=First; FNB=First National Bank; N=National; NB=National Bank; NT=National Trust; T= Trust; TC=Trust Company; U.S. postal abbreviations are used for states and territories, except as noted: DK=Dakota Territory.

Tabular Guide to United States National Banks, 1863-
1935 ★ Volume 4: Bank Lists ★ List of National
Banks by Charter Number, 4001-5000

This section is a list of national banks with charter numbers from 4001 to 5000, inclusive. Listings are arranged in charter number sequence. Bank titles are abbreviated. The initial article "The" is omitted. When multiple titles occur for a single charter number, entries are arranged alphabetically.

All national banks organized in Dakota Territory are allotted to either North Dakota or South Dakota, following the practice of the OCC's 1941 edition of *Alphabetical List of National Banks by States*. Likewise, all national banks organized in Indian Territory are allotted to Oklahoma.

Also included below are columns citing source materials:

- Smithsonian Institution collection of certified proofs of U.S. currency. Citation column lists state abbreviations, box numbers, and page numbers.
- BL=Bank List=*Alphabetical List of National Banks by States*. OCC. 1941 edition. Citation column lists page numbers.

Abbreviations: B=Bank; F=First; FNB=First National Bank; N=National; NB=National Bank; NT=National Trust; T= Trust; TC=Trust Company; U.S. postal abbreviations are used for states and territories, except as noted: DK=Dakota Territory; IT=Indian Territory.

Tabular Guide to United States National Banks, 1863-

Banks by Charter Number, 5001-6000

This section is a list of national banks with charter numbers from 5001 to 6000, inclusive. Listings are arranged in charter number sequence. Bank titles are abbreviated. The initial article "The" is omitted. When multiple titles occur for a single charter number, entries are arranged alphabetically.

All national banks organized in Indian Territory are here allotted to Oklahoma, following the practice of the OCC's 1941 edition of *Alphabetical List of National Banks by States*.

Also included below are columns citing source materials:

- Smithsonian Institution collection of certified proofs of U.S. currency. Citation column lists state abbreviations, box numbers, and page numbers.
- BL=Bank List=*Alphabetical List of National Banks by States*. OCC. 1941 edition. Citation column lists page numbers.

Abbreviations: B=Bank; F=First; FNB=First National Bank; N=National; NB=National Bank; NT=National Trust; T= Trust; TC=Trust Company; U.S. postal abbreviations are used for states and territories, with exception as noted: IT=Indian Territory.

Tabular Guide to United States National Banks, 1863-
1935 ★ Volume 4: Bank Lists ★ List of National
Banks by Charter Number, 6001-7000

This section is a list of national banks with charter numbers from 6001 to 7000, inclusive. Listings are arranged in charter number sequence. Bank titles are abbreviated. The initial article "The" is omitted. When multiple titles occur for a single charter number, entries are arranged alphabetically.

All national banks organized in Indian Territory are here allotted to Oklahoma, following the practice of the OCC's 1941 edition of *Alphabetical List of National Banks by States*.

Also included below are columns citing source materials:

- Smithsonian Institution collection of certified proofs of U.S. currency. Citation column lists state abbreviations, box numbers, and page numbers.
- BL=Bank List=*Alphabetical List of National Banks by States*. OCC. 1941 edition. Citation column lists page numbers.

Abbreviations: B=Bank; F=First; FNB=First National Bank; N=National; NB=National Bank; NT=National Trust; T= Trust; TC=Trust Company; U.S. postal abbreviations are used for states and territories, exception as noted: IT=Indian Territory.

Banks by Charter Number, 7001-8000

This section is a list of national banks with charter numbers from 7001 to 8000, inclusive. Listings are arranged in charter number sequence. Bank titles are abbreviated. The initial article "The" is omitted. When multiple titles occur for a single charter number, entries are arranged alphabetically.

All national banks organized in Indian Territory are here allotted to Oklahoma, following the practice of the OCC's 1941 edition of *Alphabetical List of National Banks by States*.

Also included below are columns citing source materials:

- Smithsonian Institution collection of certified proofs of U.S. currency. Citation column lists state abbreviations, box numbers, and page numbers.
- BL=Bank List=*Alphabetical List of National Banks by States*. OCC. 1941 edition. Citation column lists page numbers.

Abbreviations: B=Bank; F=First; FNB=First National Bank; N=National; NB=National Bank; NT=National Trust; T= Trust; TC=Trust Company; U.S. postal abbreviations are used for states and territories, exception as noted: IT=Indian Territory.

Tabular Guide to United States National Banks, 1863-
1935 ★ Volume 4: Bank Lists ★ List of National
Banks by Charter Number, 8001-9000

This section is a list of national banks with charter numbers from 8001 to 9000, inclusive. Listings are arranged in charter number sequence. Bank titles are abbreviated. The initial article "The" is omitted. When multiple titles occur for a single charter number, entries are arranged alphabetically.

All national banks organized in Indian Territory are here allotted to Oklahoma, following the practice of the OCC's 1941 edition of *Alphabetical List of National Banks by States*.

Also included below are columns citing source materials:

- Smithsonian Institution collection of certified proofs of U.S. currency. Citation column lists state abbreviations, box numbers, and page numbers.
- BL=Bank List=*Alphabetical List of National Banks by States*. OCC. 1941 edition. Citation column lists page numbers.

Abbreviations: B=Bank; F=First; FNB=First National Bank; N=National; NB=National Bank; NT=National Trust; T= Trust; TC=Trust Company; U.S. postal abbreviations are used for states and territories, with exception as noted: IT=Indian Territory.
